## ADMIT GERMANY TO THE LEAGUE PLEA OF BRITON

Labor Delegate Declares Laboring Classes Favor Immediate Admission of all Warring Nations

WILL FORM NEW ASSOCIATION IF BARRED FROM THE LEAGUE

Fears Return to Old European System of Secret Alliances

GENEVA.—By The Associated Press. —Immediate admission of Germany and the other former enemy states to the league of nations was urged before the assembly of the league today by George Nicoll Barnes, labor delegate from Great Britain. Mr. Barnes said he knew the great majority of them demanded that all the enemy states be admitted without delay.

This British delegate recalled that Germany had taken part already in the deliberations of the international labor bureau established by the league.

Need Co-operation of All

"The people of Great Britain," he said, "do not forget that the central empires planned the world into war. They do not forget the misery and devastation caused. But the question is to rescue the world from ruin and the co-operation of the former enemy states is needed."

Mr. Barnes in his speech which was delivered in course of discussion of the report to the assembly made by the executive council of the league, spoke approvingly of the action of the council on some questions, but criticized its inaction during the last year, while Poland and Soviet Russia were engaged in hostilities.

He cited article 11 of the league covenant, providing that any war or threat of war should constitute a matter of concern to the whole league and that it should take any action deemed wise and effectual to safeguard the peace of nations and inquired why the council had not taken action under that article to prevent the Russo-Polish war.

In reinforcing his argument for speedy membership of ex-enemy states in the league, Mr. Barnes referred to the instability of present economic conditions and the anomalies in exchange.

"What is needed above all," he said, "is greater production and the freest freedom in business transactions between the different countries, and this is unobtainable as long as the world is divided into two camps."

See Return to Old Customs

"Countries kept out from association with us will form an association of their own," he added, "and we shall see the dangerous pre-war system of alliances."

Mr. Barnes pointed out that the world was drifting now in Central Europe not only European kings but with their peoples.

The British minister of foreign affairs, Mr. Lloyd George, addressed the assembly in the afternoon and called attention to the provision of article XVIII of the covenant that treaties were not binding until registered. He said that the league of nations was not binding until registered. He said that the league of nations was not binding until registered.

President Motta alluded to the treaty registration question and declared that the league of nations was not binding until registered.

The will always be democracy, I remarked M. Motta, who pleaded, however, for the most open democracy possible, full publicity through the registration of all treaties.

Protest Mandate System

GENEVA.—By The Associated Press. —The German government today protested to the league of nations against the system of distribution of mandates under the treaty of Versailles. It was learned today that the Berlin government claims it is illegal for the entente powers to distribute these mandates among themselves.

The mandates referred to in the German protest were provided for in Article XXII of the covenant of the league of nations in the treaty of Versailles. It was stipulated there that colonies and territories severed from their former sovereignty by the war and inhabited by peoples of backward development should be placed under the tutelage of advanced nations acting as mandataries on behalf of the league. All of Germany's former colonial possessions came under this category. The list including the African colonies, such as German East Africa and the Cameroons, and the several groups of islands in the Pacific.

## CAN EX-KING CONSTANTINE DROP THE "EX"?

After a long period of exile in Switzerland, devoted to intrigues and plots against Venizelos, ex-King Constantine seems on the point of dropping the "ex." Whether he personally stages the come-back toward which he has been working, and ascends the Greek throne, is hard to say. But the defeat of Venizelos by Constantine in the recent election would seem to mean that Constantine will return to Athens as the real power, whether he or one of his sons actually takes the throne.

Britain and France oppose Constantine, who was kicked off the throne because he and his wife were pro-German early in the war. While in Switzerland recently Lloyd George openly snubbed the ex-king, whom he regarded as having a hand in the plotting which led to the recent attempt to assassinate Venizelos in Paris. Constantine has been leading a gay life in the palatial Swiss hotels, spending most of his time in recent months in a suite at the beautiful Hotel National at Lucerne.

The suite rents for 2400 francs a day (\$800). Above, the family snugged at a Swiss hotel—seated (left to right), Prince George, ex-Queen Sophie, Constantine and Princess Katharine; back row, (left to right), Princess Helene, Prince Paul and Princess Irene. Inset, Venizelos and Mlle. Manos, the morganatic wife of the late King Alexander, whose marriage to the king has just been upheld by the court at Athens. She is expecting an heir who may some day take the throne.

## MANY OF BRITISH RAIDS UNPROVOKED DECLARES WITNESS

Balbriggan Commissioner Describes Raids Made by Black and Tans

WASHINGTON.—By The Associated Press. —Charging that the "Black and Tan" militia made raids without provocation, John J. Derham, town commissioner of Balbriggan, Ireland, gave Friday to the committee of One Hundred investigating the Irish question what he described as details of the September raid on his home town which, he said, resulted in the death of half a dozen persons.

"The 'Black and Tan' spent a night of yelling, burning and shooting," said Mr. Derham.

The Balbriggan commissioner declared that James Lawless and John Gibbons were stabbed by the militia. He said a score of houses were burnt and that the contents of those left standing were wrecked. About 100 refugees were herded into a hotel, he said.

Mr. Derham said he was dragged from his bed and severely beaten by troopers, his shop was ransacked and his house burned. His son, Matthew, also was beaten by the police. Mr. Derham stated that the killing of one policeman and the wounding of another, Mr. Derham told the commission. The military inquiry, however, had failed to establish the identity of the persons who had killed the officer who was shot, he stated.

## PREACHERS GET RAISE

NEW YORK.—A \$1,000,000 increase in salaries to ministers of the Protestant Episcopal church has been paid during the last year—an average of \$250 to each clergyman. Monell Sayre, secretary of the church pension fund, estimated Friday.

## ART DIRECTORS MEET SATURDAY

A meeting of the board of directors of the Art association will be held in the offices of the Chamber of Commerce Saturday afternoon between four and five o'clock, according to announcement today by Prof. D. O. Coats, president.

## Appeal For Blood Of Service Men To Save Veteran's Life

SERVICE men, who offered their blood for the country, were called upon today to offer their blood to save the life of a comrade.

William Cichowski, ex-soldier, is lying at the Lutheran hospital, near the point of death unless a pint of rich, red blood can be obtained to infuse new life and vigor in his veins. He was operated upon last week for ulcers of the stomach as a result of his war experience and is not recovering strength because of the lack of blood, physicians say.

So the case was referred to the American Legion post here.

Adjutant R. F. H. Schultz on Friday explained the case, and urged that service men respond.

"It is hoped that several men will come forward," said the adjutant. "Already we have had three or four volunteers, but their blood on test would not coagulate with Cichowski's, and they could not be used. By getting several volunteers, only a little blood will be required from each."

## TEN ARRESTED IN CONNECTION WITH MAIL CAR ROBBERY

All But One of Stolen Mail Sacks Recovered; Hearing Opens Saturday

COUNCIL BLUFFS, Iowa.—Seven more arrests, one confession and the recovery of a large amount of money, all in ten dollar bills, Friday had resulted in the clearing up of the mystery surrounding the \$3,500,000 mail car robbery in the local railroad yards Saturday night.

Two of the men, T. A. Daly and H. A. Reed are whites and the others are negroes. The money was recovered from the chicken-house of the Daly home, following the confession of Reed. Reed rooms at the Daly home.

The negroes arrested are members of the John Bell family, and are held in connection with one mail sack not yet recovered.

Reed was arrested at 7:30 Thursday night, following his implication in the case by Fred Poffenberger, a trucker to the federal building and put through a severe grilling, he finally gave information which led to the arrest of Daly.

Federal officials announced the case had now been completed to all intents and purposes. The ten persons under arrest will be given a hearing before United States Commissioner W. A. Byers Saturday.

Youth Confesses

Orville Phillips, 17 years old, younger brother of Merl Phillips, has surrendered to the government authorities and has confessed to having participated in the robbery of the mail train.

Orville's confession is a dramatic incident in the story of the crime and his surrender was made, he says, when he discovered that his brother Merl, who was in the train, was being held in custody.

Orville Phillips says Merl had nothing whatever to do with actual robbery and in fact did all he could to persuade the other boys from carrying out the robbery.

Fred A. Poffenberger, father of Fred E. Poffenberger, was arrested Friday. He is not suspected of having had any part in the robbery, but was brought in to explain some things that are reported to have taken place at the Poffenberger home, authorities said.

The five negroes under arrest were released. It was found they had no part in the robbery.

## WISCONSIN MAN KILLED UNDER AUTO

DUCK CREEK, Wis.—Frank Stackpole, 48 years old, of Spring, near here, was instantly killed here Thursday afternoon when an automobile in which he was riding turned turtle. The steering wheel of the machine broke, sending the car into a ditch. His wife was uninjured.

## MOTHER OF EX-KING ASSUMES OFFICE AS REGENT OF GREECE

Calls Upon People to do Nothing to Compromise Nation's Peace and Prosperity

## NO CHANGE EXPECTED IN GREEK FOREIGN POLICY

Plebiscite to Determine Ruler to be Held Next Week

LONDON.—Admiral Countouriotis resigned as Greek regent Thursday night and was succeeded by Queen Mother Olga, says an Athens dispatch to the London Times. "Immediately a message to the Hellenic people was issued by the new regent, announcing she had assumed office in conformity with the constitution 'on account of the absence of my well beloved son Constantine.'"

The people were called upon to maintain order and to do nothing calculated to compromise national peace and prosperity.

Premier Rallis is said to have issued a manifesto in which, after criticizing the "oligarchical" methods of the Venizelos government, he urged national unity and called upon the people and army to give the government fullest assistance.

General political amnesty has been proclaimed in Athens, and all political prisoners have been released. The city is said to be fairly quiet.

Receives New Cabinet

ATHENS.—By The Associated Press. —Members of the new Greek ministry motored to Takol Palace Thursday night and were received by Queen Mother Olga. They informed her that she was the right regent of Greece, pending the arrival of former King Constantine, and she agreed to their views.

Plebiscite Next Week

ROME.—Prince, Andrea and Christopher of Greece, brothers of former King Constantine, stated to the Associated Press Thursday they believed the plebiscite for the purpose of deciding upon the occupant of the throne would be held next week.

"The present attitude of the 'Greek people,' said Prince Andrea, 'must not be considered as a condemnation of the foreign policy of former Premier Venizelos but only as a repudiation of his dictatorial and reactionary system of internal government. A few weeks ago the opponents of M. Venizelos, who were hiding, sent a memorandum to the Italian, French and British governments, emphasizing their support of the Greek foreign policy as adopted by M. Venizelos, but insisting it was imperative to remove him from power because of his domestic policy.'"

"England, therefore, need not fear the return of Constantine to the Greek throne, as that would not mean any change in the country's foreign policy. Constantine never favored a policy against the interests of the empire. He was a statesman who concluded a secret understanding with the central empires were absolutely false."

## HAD NOTHING TO DO WITH GIRLS' DEATHS COX TELLS POLICE

CHICAGO, Ill.—Michael Cox, alias James McCarthy, the ship's cook, wanted by the Chicago police in connection with the death of Marie Ramey and Lillian Thompson, actresses, last Sunday, was arrested Friday when the steamer E. E. Loomis docked at South Side Marine, according to reports received here.

Cox denied he was in the cabaret party which preceded the actresses' death. He said he met Miss Ramey and Miss Thompson on Saturday afternoon and had escorted them to their home. He said he left when the young women met the two other men at their residence.

## LEAGUE PAPER IN NORTH DAKOTA IN RECEIVER'S HANDS

ABERDEEN, S. D.—The North-west Square Deal, nonpartisan league daily newspaper here, on Thursday, went into the hands of a receiver. A petition filed in circuit court on Tuesday by stockholders states that farmers of this vicinity invested \$51,555.52 in cash and notes in support of the paper since January of this year. In addition, a mortgage of \$6,000 against the real estate of the newspaper and a running indebtedness of \$1,500 monthly is said to have been incurred by the publication. The mortgage plant is the sole asset of the firm, stockholders declare.

## ENDING EQUIPMENT FOR LOCAL BATTERY WITHIN ONE WEEK

Ten Carloads of Guns and Military Appurtenances to Arrive Here Soon

Ten carloads of equipment for Battery D, the newly organized National Guard unit here, will arrive in La Crosse next week, according to announcement made by Adjutant General Orlando Holway today, following an inspection of the battery quarters and personnel Friday night.

Four 75-millimeter guns with accessories and harness will comprise the shipment of military supplies due to arrive here during the coming week. "These are the highest type French guns," said General Holway. "Every appurtenance and article necessary completely to equip the battery will accompany the guns. The shipment will consist of ten carloads."

"Thirty-two horses will be sent to the La Crosse battery from a western military reserve and arrive here within a month, according to present indications."

The announcement of General Holway means that Battery D will be completely equipped and ready for field practice by the first of the year. Battery D's headquarters and armory is in the rebuilt structure formerly occupied by the Palmer livery, in State street, opposite central fire station and just east of the postoffice. The building is admirably adapted to the purpose and Adjutant General Holway found everything arranged for the receipt of the equipment, at the inspection Friday night.

## END OF CASE COMES WITH A CONFESSION

Says Biesen Threatened to Kill Wife and He Stepped Out of Closet and Shot Him When Attacked

## FINISHES MURDER BY SHOOTING HIM IN HEAD WITH A SHOTGUN

Gruesome story of Domestic Tragedy Told by Slayer in Circuit Court

John G. Beier, charged with killing Nick Biesen, Brinkman Ridge farmer on August 26, last, pleaded guilty to a charge of murder in the first degree in circuit court this afternoon and was sentenced to life imprisonment at Waupun.

Beier was arraigned in county court at 1:45 this afternoon before Judge Brindley. He pleaded guilty to the charge of murder and was bound over to circuit court. He was immediately taken up stairs and arraigned before Judge E. C. Higbee in circuit court.

Seven supervisors were sworn in as deputy sheriffs to preserve order in the courts during the Beier hearing. The crowd filled both courts to overflowing and dozens jammed near the doors, trying to gain entrance.

## Makes Confession

Several days ago Beier, wishing to ease his conscience, called Sheriff Lund to his cell and is said to have confessed that he killed Biesen. Beier is alleged to have said that on August 26, while he was hidden in a closet in the front room of the Biesen farmhouse that he heard the farmer quarreling with his wife in the kitchen. When Biesen began to threaten to kill his wife, Beier said he broke out of the closet and rapped on the door leading to the kitchen to prevent Biesen from killing or harming Mrs. Biesen. Biesen, according to Beier's confession, ceased quarreling with his wife and entered the front door. He had a large knife in his hand with which he had been menacing the woman.

## Shot With Revolver

As he advanced toward Beier, the latter shot him in the forehead with a revolver. Biesen did not die immediately, Beier said, so he got the shotgun from the kitchen wall, removed the birdshot from the cartridges, packed the shells with ball bearings from a bicycle and replaced the wad. While Biesen was lying on the floor dying, he said he placed the muzzle of the gun near the top of the head, and, while standing back of the prostrate farmer, fired the shots that blew off most of the top of the head and led to the theory of the authorities and story of Mrs. Biesen, that her husband had committed suicide.

## Crowd Court Room

As soon as the county court room was opened today curiosity seekers began to arrive. Soon every seat was taken and the crowd gathered in the rotunda and on the steps leading to the Fourth street entrance of the court house. Although Judge Brindley announced that there would be no cases heard in the morning, the crowd persisted in holding down the steps, being content to wait the appearance of Beier and Mrs. Biesen, no matter what time of the day they were brought into court.

## First Admission

Beier's confession to the sheriff was the first admission the state had been able to obtain from him concerning Biesen's death. He had persistently denied that he even was in this part of the country at the time. When Mrs. Biesen was examined by Deputy State Fire Marshal Shearer, who investigated the fire that burned the Biesen home, the latter obtained a statement from her that Beier had told her he had killed her husband, and that he had done it in self defense. Mrs. Biesen also said that she was picking strawberries when she heard a shot in the house and in twelve poison tablets.

### PROTEST APPEARANCE OF RUSSIAN OPERA SINGER IN CHICAGO

CHICAGO, Ill.—A protest against the appearance of Georges Baklanoff, Russian star of the Chicago Grand Opera company, who was released from Ellis Island this week on a three months' parole after being held for deportation, was sent to the directors of the Chicago Opera company Friday by Dr. Herbert L. Willett, president of the Chicago Church federation. Baklanoff was arrested during the opera season last year. Mrs. Vera Amazar, a Russian member of the company, complained to federal authorities that he had brought her to this country under promise of marriage and she later discovered that he had a wife and children in Europe.

### BIG ULCER ALL HEALED

"Now I Can Walk," Says Mrs. Southcott of Medina

"Here is another letter that makes me happy," says Peterson of Buffalo. "One that I would rather have than a thousand dollars." "Money isn't everything in this world. There is many a big hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all druggists for 25 cents a large box." "Read this letter, written February 24, 1918, by Mrs. Albert Southcott, of Medina, N. Y. It seems like a miracle, but it is true, every word of it. I know it because I get similar letters almost every day from people who have used my ointment for old sores, eczema, and piles." "Is it any wonder I am happy! Peterson Ointment Co., Inc., Buffalo, N. Y."

"I was an untold sufferer from an old running sore and ulcers. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just nine dollars worth of the salve I am cured. The ulcer was 9 inches by 6 1/2 inches, is all healed and I can walk. Never, never will I be without Peterson's again."

"You may use this to recommend your ointment if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Medina, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y."

THERE is that scattered, and increased, and there  
is that withheld more than is met, but it tendeth  
to poverty.—Proverbs 11: 24.THE REAL  
RUSSIA

Russia cannot be re-admitted into the family of nations until she obtains a government truly representative of the Russian people instead of Lenin and Trotsky. So say the other governments of the world.

The real reason why the world cannot do business with the soviet government of Russia today is not that it is not representative of the people of Russia, but because the soviet government represents an idea that is at war with the ideas of the rest of the world. The whole conception of property rights, and the laws and government based upon them, has been reversed in soviet Russia. The world does not like this idea; it does not want this idea; it thinks it has discovered as a result of what has happened in Russia that this idea would be bad for the world; that it does not make for happiness, but misery.

That is why the American government refuses to do business with soviet Russia. Representative government has nothing to do with the matter. The American government can do business with Persia, Afghanistan, or any other nation under the sun in spite of their forms of government provided there be a basis of agreement that the status of things as they have been built up in past centuries of civilization shall not be changed. The United States got along with every nation in the world when it was the only republic in the world.

THE UNION  
STATION HEARING

PERHAPS it was just co-incidence, but it at least indicates something of the similarity of the lines of thought pursued that Mr. Field, counsel for the Milwaukee road, should have selected the Mill street crossing as the ideal place for a union station, and Mr. Worden, for the Burlington, should have suggested that Grand Crossing was the really best site. The obvious deduction from the statements is that the railroad companies are not half so much interested in service and convenience to the public as they are in, first, minimum expense to themselves, and second, maximum advantage over competing roads. Either Grand Crossing or Mill street, from the standpoint of the railroad suggesting it as a depot site, combines both advantages. But neither shows evidence of even casual consideration of the community from which the roads draw their business. In the circumstances there is reason to be thankful for the existence of an authority like the railroad commission which will at least remember the public in arriving at its decisions.

Mr. Field's statement before the commission at Wednesday's hearing helps materially to clear the atmosphere surrounding the union station project. This is true primarily because it emphasizes to the community and to the railroad commission the plain necessity of imposing upon the Milwaukee road, at least, some consideration of public convenience. Mr. Field cleared away any lingering suspicion that the Milwaukee might be inclined to volunteer cordial co-operation with the city of La Crosse for the improvement of its railroad service or the advancement of the town. He served notice that if left to its own devices the Milwaukee would have no compunction about any change it might consider of benefit to itself, regardless of the disruption of the community or the loss to individuals which such changes might enforce.

It may not be impossible that the Mill street suggestion was trotted out with the idea of scaring the community into abandonment of the union station project. One finds it difficult to believe that the railroad doing the lion's share of the business of the city seriously contemplates leaving to its competitors the district in which originates at least two-thirds of all the passenger and freight traffic of the community. Not a bad bluff, at that, considering its results in the city hall last Friday night. But notwithstanding the success it achieved in alliance with the individ-

ual motives of certain members of the common council, it is hardly likely to have the same effect on the public spirit of the community in general. It is much more probable that it will have the usual effect of a threat to a proper-spirited man or community—it will inspire conviction of the necessity of fighting for one's rights. If "shut up or you'll get something to cry about" is indeed the implication of the Milwaukee road's position as revealed by its counsel, we offer odds that the company will have a chance to make good on its threat.

Why have all the railroad experts so sedulously avoided consideration of the Second street and Badger street union station sites? One does not wonder they frightened themselves at the cost of the union station after they took the causeway projects, dressed them up with needless and costly frills, and then estimated the cost of all at government rates. But wouldn't you expect that if cost were the chief factor they would have concentrated their attention on these other locations, one or the other of which they all agreed would be much less expensive?

Walter Woods must have had a quiet snicker to himself when Mr. Field was offering his testimony. A lot of folks have been in the habit of pooh-poohing Mr. Woods' statement as to the waste and exorbitant cost of backing trains in and out of the Milwaukee station, but Mr. Field confessed the whole case, on behalf of the railroad.

Engineer Loweth said that the curves in the causeway plans were impossible for the long coast trains of the Milwaukee. He ought to check up the curves on the "wy" which the coast trains use every day. They are more than twice as sharp as anything proposed for the causeway station sites.

WHICH  
ARE YOU?

A GARDEN club leader speaks of "beginners" and "finishers." He points out that there are good "beginners" and good "finishers," meaning that some children are enthusiastic workers when the work is new to them, and others are as enthusiastic near the season's end.

"The beginners," he says, "go well until weeds and hot weather unite forces to make garden work unpleasant. Then they quit. Too many of the good beginners are quitters."

"Give me a good finisher rather than a young army of good beginners," the club leaders exclaimed.

Now isn't that as true of everything else in life? In peace or war; in shop or office; in field or mine; in any and all human endeavors? The good finisher is the winner. The good beginner, unless he, also, is a good finisher, never reaps the full harvest.

It balances up after all. Living cost went up before wages and wages stay up as living cost drops.

After all there's something admirable about a man so stubborn he never admits he's wrong.

## In Ye Olden Times

TEN YEARS  
AGO TODAY

Emil Ruprecht and Jule Fries have each killed a deer in the northern woods.

Socialists of the city have made arrangements to have Mayor Seidel of Milwaukee and Victor Berger, congressman-elect of the Fifth district, speak here during the winter, in preparation for the biggest campaign in the history of the socialist party next spring. The chief plank in the campaign will be one relating to the high cost of living.

Plans are now under way for building a downtown baseball park next year if there is a league team representing this city. Walter S. Woods will come here to confer with John A. Elliott, president of the Wisconsin-Minnesota league, to consider a site for the park.

The rear of Car Department building No. 44, of the Milwaukee road, formerly used as a storehouse, is being remodeled and re-sided and will be used by repairmen as a dining room. Lockers will be installed in a few weeks.

TWENTY YEARS  
AGO TODAY

The long, paraded curfew ordinance will be enforced in this city tonight for the first time. Between the first day of September and the last day of February the fire bell will be heard to sound eight slow taps precisely at eight o'clock, while between the first day of March and the last day of August the bell will not strike until nine o'clock.

The matter of building a new courthouse was brought up at the meeting of the county board this morning but the majority of the city fathers voted against building.

L. E. Clark, business manager of the Morning Chronicle for nearly two years, has resigned his position with that paper and will leave for Minneapolis Saturday where he will again be associated with the Minneapolis Times.

Although the saw mills have been taken away from the north side, there will be no lack of employment. The La Crosse National bank has received a handsome copper sign to be put up in front of the bank. On Saturday of this week the old county jail will be sold to the highest bidder by the county board.

A handsome new plate glass front is being placed in the American House on Pearl street.

Sol Burdick, of the north side, has returned from the northern part of the state where he has been running a planing mill during the summer.

Ratters put up for the new street car barn this morning collapsed while workmen were gone to dinner and the work on the barn was seriously delayed.

## STATE INCOME TAXES BOOSTED BY NEARLY A MILLION DOLLARS

Increase of Over Eight Hundred  
Thousand Shown in Com-  
mission's Report

MADISON, Wis. — State income taxes for 1920 show an increase of \$866,453, according to figures completed by the state tax commission. The tax payable for 1919 amounted to \$3,102,918 and that of 1920 to \$3,969,371.

Taxable income for 1920, according to figures compiled by the commission, amount to a grand total of \$234,612,347. In 1919 the total number of assessments was only 62,272, while this year they will reach 206,626.

This growth is declared to be greater among farmers and small merchants. Among laborers there has also been considerable increase. Graphic evidences of the healthy condition are figures from Dane county. In 1917 the number of assessments was 7,086. In 1920 this had jumped to 9,489. Taxable incomes for 1919 amounted to \$9,284,930 and for 1920, \$12,650,588. The tax from this source was \$145,285 for 1919 and for 1920, \$199,397.

A reduction of \$41,505.08 in Madison's share for the state income tax was revealed when the report was certified to City Treasurer Carl Moe. There is also a marked reduction in the city's share of the soldier's educa-

tional aid surtax, due mainly to the fact that the surtax now includes only the educational feature of the Nye bill's provisions.

WASHINGTON.—Despite the loss of 74 members of the country's million a year income class, the taxable income of the United States increased in 1918 by over \$2,272,000,000 as compared with 1917, according to the statistics issued by the bureau of internal revenue.

CHICAGO, Ill.—Corn and oats tumbled in value and pulled down quotations on hogs to a point under any reached in nearly four years.

## Coughs and Colds

Catarrh, Croup, Sore Throat  
Banished by Hyomei

The germs of catarrh do not exist in the same atmosphere with antiseptic Hyomei (pronounce it High-o-mee). Breathe Hyomei and relief from catarrh, colds, sore throat or cold will come in two minutes.

Breathe Hyomei and that stomach straining hawking in the morning will quickly disappear.

Breathe Hyomei and kill the catarrh germs; heal the inflamed membrane, stop the discharge of mucus and prevent crusts from forming in the nose. Breathe Hyomei for a few minutes each day and rid yourself of contemptible catarrh.

Breathe Hyomei—give it faithful trial and then, if you are not satisfied, you can have your money back.

Hyomei is sold by Hotschler Bros. and druggists everywhere.

## OHIO PRIMED TO MEET ILLINI FOR CONFERENCE TITLE

COLUMBUS, Ohio.—Ohio State's football squad, 28 strong, reached Danville, Ill., Friday morning, having left here Thursday night on the first lap of its journey to Urbana, where will be recorded the final results of the 1920 conference season.

Saturday's contest, the second in two consecutive years in which Ohio State and Illinois have been contenders for championship honors, will, according to Coach Wilce, find the Buckeye players in as good condition as they have been at any time this season.

A general exodus of Ohio State pignakin fans continued throughout the day. Either victory or a tie game Saturday will bring the pennant to Columbus. The Buckeyes have won four games and lost none, while the Illini have won four and lost one.

This year the teams appear to be of about the same strength, with Ohio State averaging 170 pounds and Illinois 184 pounds.

## SCHULTZ CHOSEN ON LEGION COMMITTEE FOR COMPENSATION

Capt. R. F. H. Schultz, adjutant of Frank Shuman post of the American Legion, has been notified by National Commander F. W. Galbraith of his appointment as one of seven members of the legion committee of the national organization.

The other members of the committee are Thomas J. Bunnicion, Connecticut; Albert Greenlaw, Maine; Dudley V. Sturpin, Ohio; A. H. Vernon, Minnesota; and George A. Withers, Kansas. Henry D. Goodley of Texas, nationally known in the legion's work, is chairman of the committee.

Capt. Schultz said today that while he had not yet received instructions as to the work of the committee, it was understood that a large part of the work would be to express the legion's viewpoint to congress on legislation concerning the government insurance and compensation of men in the world war.

## KRUEGER IN JAIL AWAITING HEARING IN FEDERAL COURT

In the custody of Deputy United States Marshal Will Toulton, Louis Krueger, last at large of four brothers alleged to have evaded the draft, arrived in La Crosse Thursday night to be arraigned in United States court here.

Pending the arrival in the city of Judge Landis, it is expected that Krueger will remain in the county jail. Judge Landis is not expected to return to La Crosse for the trial of cases before the petit jury until early in December, at which time it is expected the grand jury will be ready to report.

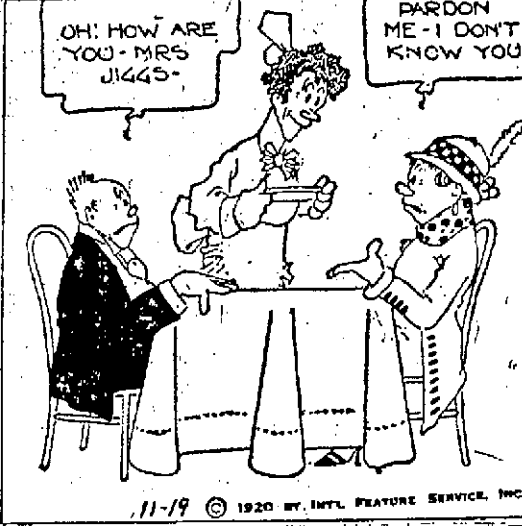

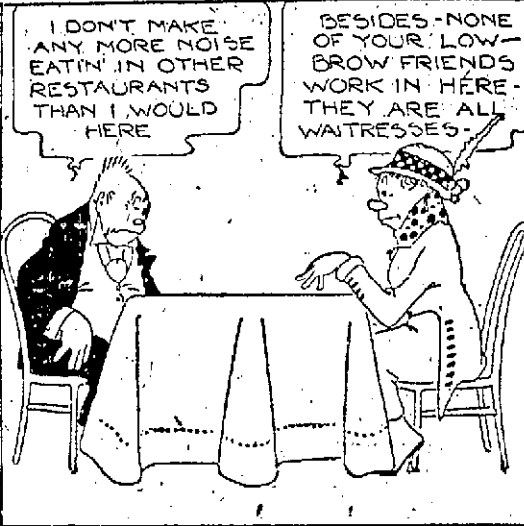

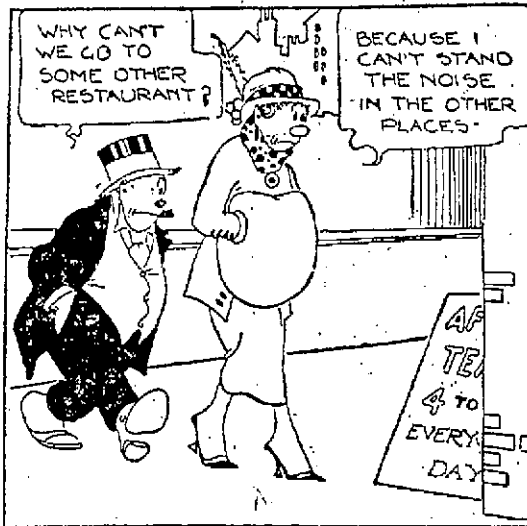

Glen Lloyd, arrested at Neillsville on a charge of transporting a stolen auto from Portland, Ore., to a city in the state of Washington last June, also was brought to La Crosse by Deputy Marshal Toulton.

Lloyd was arraigned before Court Commissioner Harrison Friday morning. Bail bond was set at \$500. Unable to furnish bail, Lloyd was remanded to the county jail awaiting transportation to Portland, where he will be arraigned in federal court.

## BOX OFFICE OPEN FOR SEAT SALE OF LEGION'S CONCERT

The theater box office is open for the sale and reservation of seats for the Paulo Gruppe company's concert Saturday night. Advance notice of their performances have been so favorable that La Crosse may anticipate a very pleasant evening's entertainment. Of Mr. Gruppe a Philadelphia critic says: "Paulo Gruppe evoked from his sonorous cello a tone of breadth and penetrant volume," and another comments on "his marvelous technical skill." The program is varied including popular Kreisler numbers for the violin, one movement from a Beethoven trio and many other short numbers of considerable interest.

## END OF CASE COMES WITH A CONFESSION

(Continued from page one)

Returning found Beier in the kitchen and her husband lying dead in the front room.

Conflicting Stories

Roth Beier and Mrs. Biesen told a number of conflicting stories to their lawyer, L. Schubert, of the law firm of Mahoney and Schubert. It was the theory of Messrs. Schubert and Mahoney that the farewell note alleged to have been written by Biesen was a forgery. They also found that Beier was in the vicinity of the Biesen farm all spring and summer although he and the woman declared that first he went to South Dakota to work on a farm and later camped on the Black river at Onalaska. Other stories told by the pair were found to be full of inconsistencies when checked up by Mr. Schubert.

How Case Started

To the fact that Biesen's brother-in-law sought vengeance against Beier as "the man in the case" and had him arrested on a statutory charge, is due the clearing up of the mystery that has been the talk of Brinkman's ridge and Coon Valley for months. A complaint was sworn out against Beier by Cowie and Hale. He was arrested, pleaded not guilty and held for trial. On the recommendation of R. S. Cowie, the state fire marshal sent Deputy Sheriff to La Crosse to investigate the burning of the Biesen house. He decided the fire was of accidental origin but he also unearthed the fact that Biesen was murdered. It was upon the results of Scherer's investigation that the district attorney was enabled to bring charges of murder against Beier.

Beier in Court

The arraignment of Beier in circuit court was a dramatic affair. After listening to the reading of the complaint, charging him with first degree murder the slayer of Nick Biesen entered a plea of guilty.

Asked if he had anything to say before sentence was pronounced Beier said he was sorry for what he had done.

Judge Higbee said that in the opinion of the court Beier owed the community a statement of what happened in the court when Biesen was killed.

Beier said he heard Biesen in the kitchen threaten to kill his wife with a knife and left the closet, entering the kitchen. There he shot Biesen with his revolver and then blew off the top of his head with a shot gun.

Attorney A. H. Schubert made a plea to the court in behalf of Beier, pointing out that he was only 21 years old and he had been in the power of Mrs. Biesen since he was 17.

Beier broke down and cried like a baby when his attorney was speaking. When Mr. Schubert ceased talking Judge Higbee sentenced Beier to life imprisonment at Waupun.

## NEW MILLER-ROSE FIRM INCORPORATES AS \$50,000 CONCERN

Announcement was made on Friday of the incorporation of the Miller-Rose company, the new concern which recently opened the former Langdon-Boyd packing Co. plant as a \$50,000 concern. G. B. Miller is president, V. L. Hubbard vice president and H. M. Rose secretary and treasurer of the company.

The Miller-Rose produce plant has been operating for a fortnight and its business in producing fancy milk-poultry is in full swing, according to Mr. Hubbard. The company has also undertaken a city sales department oysters, eggs, cheese, olcomargarine and other perishable food products which its cold-storage facilities enable it to handle. Mr. Hubbard will be at the head of this department.

At present the company has a daily average of 9,000 chickens going through its feeding pens and dressing department. Most of its poultry is sold to clubs, restaurants and hotels in the east.

## THREE PER CENT CUT REPORTED IN FOOD PRICES IN OCTOBER

WASHINGTON.—A decrease of three per cent in retail food prices in October throughout the United States was noted in statistics on the cost of 22 articles of food, made public by the department of labor.

Greatest decreases were in prices of sugar, 24 per cent and potatoes, 15 per cent. The price of eggs increased 14 per cent.

The average family expenditure for the 22 articles of food decreased in all but one of the 51 cities from which monthly prices were tabulated. The greatest decrease, six per cent, was in Omaha and St. Paul. In Milwaukee and Minneapolis the decrease was five per cent.

## FIVE HUNDRED RUSS RADICALS ON U. S. DEPORTATION LIST

WASHINGTON.—More than 500 Russian radicals remain to be deported, it was said Friday at the department of labor. All except forty of these are held in confinement at Deer Island, Boston, and Ellis Island, New York, as they are regarded as too dangerous to be allowed at liberty even temporarily.

Delay in deporting Russians was explained at the department to be due to a refusal of the Scandinavian countries to receive the deportees and to the closing of the frontier between Finland and Russia.

## LANDIS TO ATTEND ARMY-NAVY GAME

NEW YORK.—Judge K. M. Landis, newly appointed head of organized ball, has accepted the invitation of Judge McQuade, treasurer of the New York Giants, to attend the Army-Navy football game at the Polo grounds November 27 as the latter's guest, it was announced Friday.

# GERMANY WILL NOT LEAGUE EXCEPT ON TERMS OF EQUALITY

Will Live Up to Terms of Versailles Treaty Declares Chancellor

AN LA CHAPELLE.—Konstantin Fehrenbach, German chancellor, declared here Thursday a tour of the Rhineland districts, and delivered addresses in which they discussed domestic and foreign issues. Dr. Fehrenbach, referring to the allocation of the districts of Eupen and Malmedy to Belgium, declared Germany viewed the decision of the council of the league of nations as only a "transitory solution."

"We do not desire to enter the peace of nations," he said, "unless there is an intention, plainly indicated, to receive us as equals. It would be impossible to force ourselves into a society which contains people who are not yet ready to walk out in the open with other folks enter."

Dr. Fehrenbach, reiterating that peace of Versailles, did not deserve designation of a "peace," declared Germany, nevertheless, would live up to it and had already demonstrated her determination by her work in making coal deliveries and in disarmament.

The penny is being discussed for acceptance as the memorial flower of the American Legion.

## IN THE MORNING PAPERS

A Summary of the News

DECATUR, Ill.—Harry Harschberger, Atwood, died in a hospital as a result of injuries sustained in the Atwood-Tuscola high school football game three weeks ago.

KANSAS CITY, Mo.—Jack Britton, champion welterweight boxer, won the newspaper decision over Morris Lux of Kansas City in a ten round no-decision bout.

WILLIAMSON, W. Va.—Private Ernest L. Ripley of the state police and William Hatfield, said to be a union organizer, killed each other in a pistol fight at Sands, 23 miles east of here, according to reports received

by Captain Brockus, commander of troops on duty in the Antigo coal strike zone.

CAMBRIDGE, Eng.—The American women's hockey team scored its first win against a combined team of Gorton and Newham colleges. The score was four goals to three.

NEW YORK.—Award of a gold medal to Samuel Rezeszewski for his solution of three chess problems propounded by American experts, was announced by Frank J. Marshall, United States champion.

ALBANY, N. Y.—Dr. John Huston Finley tendered his resignation as state commissioner of education and president of the University of the State of New York to the board of regents.

## MAYBE THE LAWYER CAN FIND AN EXCUSE

DENVER.—"Judge, I can't lie about it. I forged the check," James Kelly, 22, told that to Judge Hersey here. The judge warned him that if he pleaded guilty he would have to send him to jail. "But, Judge, I can't lie about it. I did it," protested Kelly. Hersey continued the case and appointed a lawyer to find some excuse to keep Kelly from jail.

## A SUGGESTION

The abundant health-giving properties of

**Scott's Emulsion**

are as needful to adults as to children.

Scott & Bowne, Bloomfield, N. J.

THERE is a big difference between Calumet and all other Baking Powders.

First—you see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakings. They look better—finer grained.

## "S-o-m-e Biscuit!"

"BEST BY TEST"

**CALUMET BAKING POWDER**

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all satisfying.

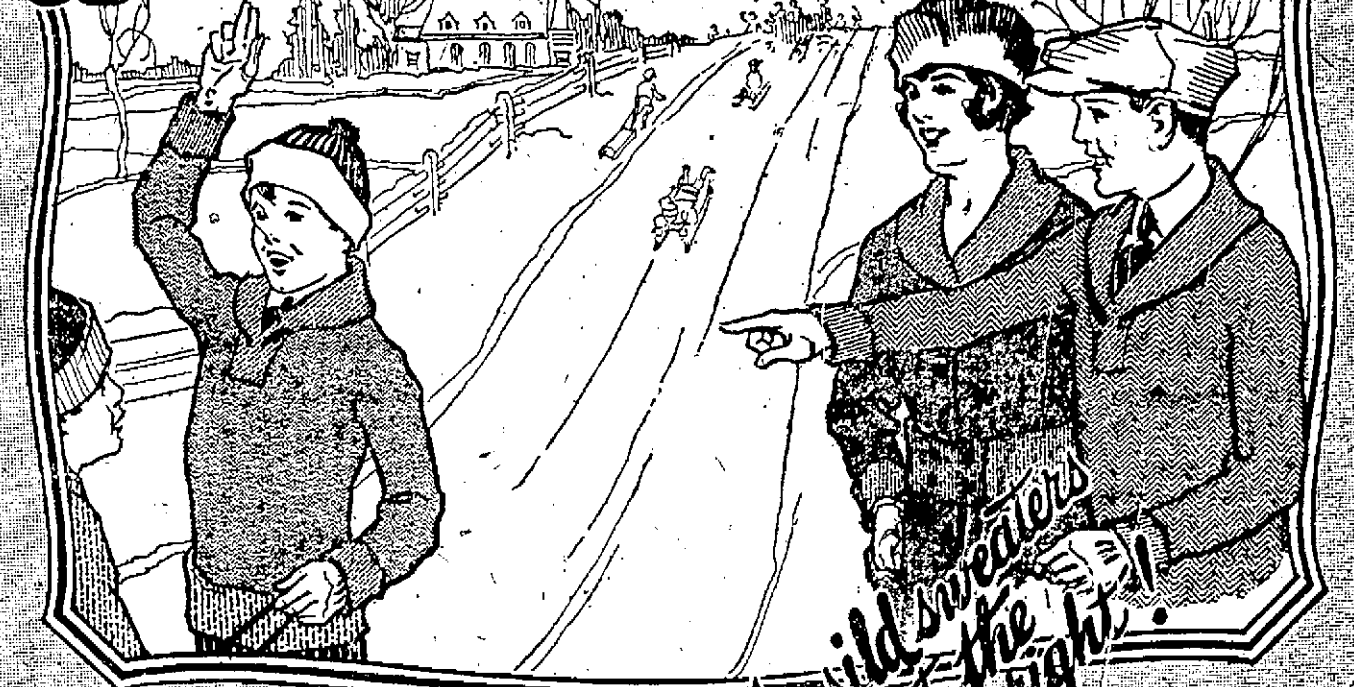

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

### Calumet Biscuit

Recipe  
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounding tablespoons of butter or lard, 1/2 cup of milk, 3/4 cup of water. Then mix in the regular way.

# Buy Your Warm Winter Wear NOW

Jersild sweaters start the winter right!

*Your Body is the House in which you live—*

## Keep it Warm!

IF you take it out of doors you must keep it warm or the fool-killer will get you.

There is still a place in America where they make those big beefy sweaters that a college man or woman used to be able to get twenty years ago. There is still a place where every sweater has to go on the scales before it can go into the box.

That place is Neenah, Wisconsin, the home of the Jersild Knitting Company.

Jersild is a Danish company that still keeps its old world standards. Skilled Danish knitters are operating their knitting machines and skilled Danish sewers are still finishing their sweaters by hand.

When you get coal for the house you expect to get so many heat units out of every pound. When you buy Jersild Sweaters you can expect to get the same protection against the cold.

And your boy gets the same husky sweaters as the grown-ups. Usually

the little fellow gets the worst of it when it comes to sweaters. He gets something about as thick as a bath towel and not quite as warm. But in Jersild sweaters he gets the same husky beefy body as his brother or his dad.

Girls' and women's sweaters too are of good husky make and delightful style. Sizes in the men's and boys' sweaters are big and generous. But in the girls' and women's of course they are feminine and form-fitting without losing any of the warmth. In fact you have that wonderful combination of old world workmanship and new world style.

So buy your warm winter wear now and start with a Jersild Sweater. Nature makes a close weave when she covers the sheep, but we make even a closer weave than Nature when we make a sweater to cover you.

Look for the advertising of the stores in this city that are handling Jersild Wear and for the Jersild Window displays.

Jersild gives you your money's worth on the scales

## BRITAIN PROTESTS IMPORTATION OF U. S. AUTOMOBILE TIRES

Thousands Brought in Monthly  
While British Rubber In-  
dustry is Stagnant

WASHINGTON. — Sharp protests have been entered in the British house of commons against the continued importation of large quantities of American manufactured automobile tires to Great Britain in the face of virtual stagnation in the English rubber industry, according to a dispatch to the department of commerce. A member demanded of the board of trade information as to what action had been taken in the matter, adding thousands of British rubber workers had been discharged and were now swelling the ranks of the unemployed, although 50,000 American tires were imported during September alone.

The situation, it continued, would destroy the British tire industry, it was declared. The board of trade's reply was that the whole situation was being investigated, the dispatches said.

## FRANK LANG FOUND GUILTY OF MURDER IN SECOND DEGREE

Convicted for Murder of Charles  
Pacini, Kenosha Thea-  
ter Owner

KENOSHA, Wis. — Frank Lang, charged with the murder of Charles Pacini, wealthy Kenosha theater owner, was today found guilty of murder in the second degree by a jury after several hours' deliberation.

When the verdict was announced Lang burst his face and cried. Attorneys for the defense will plead for a new trial on the ground of additional evidence. Pending this appeal Judge Belden announced that pronouncement of the sentence would be withheld.

Second degree murder calls for imprisonment from 14 to 25 years.

Charles Pacini was shot and killed on the night of August 14. Later Lang was arrested on a robbery charge and during a "third degree" procedure by the police department confessed to killing Pacini. The "confession" later was repudiated by Lang who claimed the statement was made to prevent further punishment incident to the "third degree."

Lang's wife, during the trial testified that her husband was at home on the night Pacini was shot. A man named Dillon, said to resemble Lang figured in the trial. Dillon attended the theater on the night of the shooting and several in the theater audience testified that they had seen Lang there. The defense contended that it was Dillon who was seen in the theater and not Lang.

HUGGINS GETS PLAYER  
FROM COAST LEAGUE  
NEW YORK — Miller Huggins of the New York American league baseball team, announced Friday the ac-

quisition of J. Mitchell, an infielder, from the Vernon, California, club of the Pacific Coast league. Six players, possibly seven, will be turned over by the Yankees for the California star, but Huggins has not yet made public their names.

When shaving came into vogue among the ancient Romans the bar-

bers' shops became places of great re-  
sort, oftentimes music, or different  
instruments, being played for the  
entertainment of visiting customers.

## SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your  
Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold cream.

## Delicine

Reg. U. S. Pat. Off.

Chapped Hands are  
Uncomfortable—

and unnecessary, for there is Delicine. Keeping a bottle of Delicine always handy, and using it after washing the hands, and after coming in from the cold, will mean cool, soft hands that are never chapped!

Delicine is not like the ordinary hand lotion. It has unusual curative and healing qualities that make it invaluable.

And Delicine has a number of uses—for use after shaving, for chapped, roughened skin, and as a base for powder, it is unexcelled.

## MUTCHOW BROS. & PRUESS

will issue the nationally famous

# "J.N." GREEN STAMPS

EACH FULL BOOK IS REDEEMABLE FOR

## \$2.00 CASH

### Be Sure to Come in and Learn All About "J.N." Stamps Before You Go Out

In introducing "J.N." Green Stamps, we place before the residents of La Crosse and vicinity a co-operative discount plan of national prominence and universal popularity. Given as a discount to cash paying customers "J.N." Green Stamps are a sound, substantial saving—a saving easily made involving no sacrifice.

One stamp will be given on each 10 cent purchase, or any multiple thereof, as well as a book in which to place your stamps. When your book is filled you will be given \$2.00 in cash for it. That's the whole money saving story of "J.N." Green Stamps—a story worth reading and heeding. Bear in mind that the stamps are a discount, and in no way affect the retail selling price of the goods you buy. Your saving is made in the cumulative value of the stamps as represented in your full book.

Mutchow Bros. & Pruess receive a discount from the wholesaler or manufac-

turer when paying cash, on their bills within a specified time, and in "J.N." Green Stamps will carry out the same principle and give you a discount. It's simply a matter of policy as far as we are concerned, and solely a matter of profit as far as you're concerned. Founded upon such a sound principle the steady growth of "J.N." discount service was inevitable. Since 1896, when first introduced, "J.N." Green Stamps have been a continual aid to millions of housewives throughout the United States.

We want every one of our customers to receive these tokens regularly. Other La Crosse merchants will issue "J.N." Green Stamps, and stamps obtained in any store may all be pasted in the same book and redeemed for \$2.00 in cash. Don't fail to come in on Saturday, the 20th, and get your "J.N." Stamp book. You'll find "J.N." Stamps just the saving you want and \$2 in cash just the extra aid you need for the over-taxed pocketbook. Be on hand Saturday, the day we commence the distribution of "J.N." Green Stamps.

**AT THE THEATERS TODAY**  
**Rivoli**—Marshall Nellan's "Go and Get It."  
**Majestic**—Violet Heming in "The Cost."  
**Riviera**—Nazimova in "The Heart of a Child."  
**Ule**—"The World and His Wife" with Alma Rubens.  
**Casino**—"Outlaws of the Deep" and "The Son of Tarzan."  
**Strand**—Irene Castle in "The Amateur Wife."

**RIVOLI**  
 No more appropriate title could be given a play dealing with the perils and excitement of a newspaper reporter's life than "Go and Get It." And this is just the one that Marshall Nellan has given his newest big photograph—"Go and Get It," which is the current attraction at the Rivoli.

When a mysterious crime has been committed and the entire city is on its toes for the solution—when riots and bloodshed are raging—when great strikes are pending—it is then that the reporter is called to the city editor's desk and told to "go and get it." And the chances are one hundred to one—he'll get it. He may be the worse for wear upon his return but he'll have the story.

And such is the case in the new Nellan picture—Kirk Connolly is told of a series of most mysterious crimes and told to go and get it. After a lot of the most fascinating and exciting adventures Connolly not only returns with the story, but he gets the beautiful mystery girl as well. It's some picture.

**CASINO**  
 A highly trained ape upset all trained animal precedent during the filming of "The Son of Tarzan" chapter-photoplay, which comes to the Casino theater today and Saturday.

This giant anthropoid, said to be one of the most intelligent apes ever captured in the African jungles, astonished

"They WORK while you sleep"

Don't stay bilious or constipated with your head dull, your stomach sour, gassy, upset. Take one or two Casarets tonight, snore for your liver and bowels and wake up clear and fit. Children love Casarets too. No griping—no inconvenience. 10, 25, 50 cents.

ed his trainer and those watching the photographing of one of the scenes of the serial by leaping upon the driver's seat of an automobile parked near one of the "sets" and driving off. After a short chase the ape was recaptured.

How the ape learned to drive an automobile was a mystery until it developed that the big monkey had been taken riding several times and allowed to sit on the front seat with the driver, all the time watching the motions of the chauffeur as he guided the car along the highway.

It is still a mystery to the trainer how the ape seized what lever to press to start the car.

**MAJESTIC**  
 Violet Heming, the stage star of "Three Faces East," who made her screen debut recently in "Everywoman," is at the Majestic theater in "The Cost." This is an excellently handled picture of David Graham Phillips' novel of college and political life. Miss Heming proves herself an actress of charm and considerable emotional prowess.

She has the role of a young board-

ing school girl who marries a rich youth of uncertain character against the wishes of her father. Shortly afterward she meets a worthwhile man, who falls in love with her. The husband, however, is a Wall Street speculator, who is ruined when the disillusioned wife, despite the fact that she was about to sue for separation on the grounds of infidelity, rushes to his rescue and saves him financially. However, the strain has proven too much and he dies. The widow is thus freed to go to the man who loves her.

**RIVIERA**  
 In "The Heart of a Child," a special production adapted from Frank Dueny's novel of the same name, Nazimova comes to the screen of the Riviera theater today and Saturday in a role that is different from any of the wide variety of characters she has portrayed so marvelously in previous triumphs.

It is that of Sally Snape, an English girl from the slum streets of London who finds herself orphaned at the most critical period of her life, and left to face alone, without any other aid than her unsophistication, the struggle of maintaining the world's respect.

In her support is an exceptionally able cast, with Charles Bryant, adapter of the novel to the screen, as Lord

Kidderminster; Ray Thompson, Neil Nedman, Victor Felt, Eugene Klum, Claire Du Brey, Jane Sterling, John Stopping, William J. Irving and Myrtle Risbell. Ray C. Smallwood directed the production, with Rudolph J. Bergquist in charge of the camera. The effectiveness of the pictorial element in the play is due in great measure to the special art effects by Allen Kuoof.

**BLISS**  
 The color and passion of modern Spain is reflected in "The World and His Wife," which will be the feature attraction at the Bliss theater today and Saturday.

The story, which was adapted from a famous Spanish play, tells of Don Julian and his beautiful girl-bride, Feodora. After their marriage, Ernesto, a young writer, comes to live with them, and the world, with Don Alvarez as its spokesman, starts spreading evil stories about Feodora and Ernesto. The result is a duel and a series of dramatic events that result

in the death of Don Julian and the final happiness of the young folks.

**FARM HOUSE DYNAMITED AND THREE ARE KILLED**  
 GERMANTOWN, Md.—James Bolton, a farmer, whose home near here was dynamited Thursday, died during the night, bringing the death list to three. Mrs. Hattie Shipley, Bolton's housekeeper, whose two small children were killed instantly, is believed mortally injured. Vernon

Thompson is being held in connection with the explosion.

Montgomery county authorities said an investigation showed Bolton and Thompson had been enemies of long standing and that their enmity culminated in an encounter election day in which Thompson was shot in the neck by Bolton.

**PLANT 9,000 ACRES IN ASPEN TREES**  
 GLASGOW, Scotland—In order to be independent of the Russian supply of aspen wood, used in match making, Bryant & May, Ltd., match company here, has purchased 9,000 acres in Scotland and will plant the land in aspen trees.

# MULBERGER BILL IS APPROVED IN STATE BY TWO TO ONE VOTE

Report of Canvassing Board Shows 419,309 Votes for and 199,876 Against

## CANVASS NEARLY COMPLETED BY OFFICIAL VOTE COUNTERS

Votes on Three State Officers Still Uncounted

MADISON, Wis.—The Mulberger bill for the enforcement of prohibition in Wisconsin was adopted in Wisconsin at the recent election by nearly 2 to 1 vote, according to figures compiled at the office of the secretary of state today. Shortly before noon on Friday the state canvassing board had completed its compilations on the recent election with the exception of canvassing the vote for lieutenant governor, secretary of state and attorney general. Hair Roots Come Out Before Your Very Eyes (New Method Removes Superfluous Hairs)

The new way to remove superfluous hair, roots and all—the phenetic way—is rapidly superseding the old-fashioned depilatory methods, as well as electricity, razor and tweezers. And no wonder! There is a product so harmless a child could safely eat it—so pleasant and odorless it is altogether pleasant to use—and the process is so quick acting that it actually removes the hairs entire, including the roots, in just a few seconds! You will surely have the surprise of your life if you will obtain a stick of phenetic from your druggist and follow the simple instructions.

## THREE WISE FOOLS IS A FASCINATING HIGH CLASS PLAY

Full House Greeted Famous Comedy at the La Crosse Theatre Thursday Night

Patrons of the La Crosse theatre Thursday night enjoyed one of the season's biggest treats in the presentation here of John Golden's "Three Wise Fools." It is a fascinating comedy, teeming with mirth and having enough of pathos and thrilling situations to keep the interest tense throughout the play. A full house greeted the production here.

"Three Wise Fools" comes in three acts without change of scenery. The case is a noteworthy one. Claude Gillingwater as Theodore Findlay is a lovable character and supplies a large part of the laughter. Harry Davenport as Dr. Gaunt and Howard Gould

as Judge Trumbull make up the trio of musketeers who loved and lost one woman and in the autumn of their lives, adopted her daughter, showering her with affection and going through the most exciting episodes they had ever experienced. Helen Menken as Miss Fairchild, is a charming woman displaying exceptional ability in a most difficult role. It was just as easy for Miss Menken

The "Food Drink" for All Ages. Quick Lunch at Home, Office, and Fountains. Ask for HORLICK'S. Avoid Imitations & Substitutes.

to bring out the handkerchiefs in the house as it was for Gillingwater to raise a laugh. Donald Foster as Gordon Schuyler, the young man in love with Miss Fairchild, played the part of the ardent wooer in realistic style, and scored well with the house.

PLANE REPORTED SAFE HAVANA.—Fears that the hydro-airplane, Santa Maria, which left Key West Thursday afternoon for this city had been lost, were dispelled Friday when reports were received that the machine had landed at Santa Cruz, a small port fifteen miles from here. The captain, pilot and mechanic and six passengers carried by the plane were reported safe.

is to have missed a big and beautiful experience

It is an experience that thrills and tugs at the heart; one that evokes many a chuckle and many a smile; and the smiles are often half-wistful.

To Our Patrons

I am not in the habit of endorsing a picture, but I think "Heart of a Child" is one of the season's best productions. It is also Nazimova's greatest picture to date.

A. J. COOPER, Gen. Mgr. Cooper Amusement Co.

The other woman—with merciless adroitness of her society training—had trapped Sally; had tricked her into a compromising situation with the man they both loved. Was Sally's dream to be shattered on the very threshold of happiness?

# NO HALL IS BIG ENOUGH FOR 'EM

EVANSVILLE. — Henry Walker, receiver for the bankrupt Pocket Packing company can't find a hall big enough to hold a meeting of the company's creditors. Sixteen hundred persons claim the company owes them. Largest number of creditors walker says he ever saw.

The trial system of government in Ireland did not die out until the sixteenth century.

# Folly of Selfishness

To be selfish is to be ignoble—to repose on a lower platform for lower gain, when you might choose a higher. To be selfish is to sacrifice the nobler for the meaner ends, and to be sordidly content.—H. H. Wines.

# BADGERS HELD ONE OF STRONGEST IN THE BIG TEN GROUP

## Bunge Considered Equal of Depler; Scott Figured as Big Factor

CHICAGO.—While local football enthusiasts have been two highly perfected football machines in Illinois and Ohio State, they will have an opportunity to see what is generally considered the strongest eleven in the conference in action tomorrow when Wisconsin meets Chicago on Stagg field in one of the closing battles of the Big Ten season.

Scott, left tackle, is one of the leading forwards in the west. There is little about tackle play this year, Scott is not known as a factor in tomorrow's game. It is a hard man to keep out of plays regardless of how the offense tries to knife him in or out.

Stark, the other tackle, has played better than an average game all season. While he does not match up with Scott, he is a dependable player between the line and mikes in the fray at all times.

Margoles, Barnes and Brader have played strong football all season. The last mentioned player substituted for Barnes in the Illinois contest and played well. It will be recalled that the Badger backs made large gains through the center of Illinois' line and the Wisconsin guards were mainly responsible for this success.

Bunge at center matches up with any of the pivot men in the conference. There is little to choose between the Badger and Depler of Illinois for the position on mythical eleven. Bunge is an accurate passer on all plays of the Badger complex offense and has asserted his strength on defense on several occasions.

Sundt, fullback, is considered the greatest all-around athlete who ever attended Wisconsin. He is a powerful line plunger and strong interferer. In addition to these offensive duties, the Badger is a good punter and a strong defensive player. Like most smart warriors, Sundt sizes up plays quickly and moves to the danger points with as much speed.

A. E. F. CHAMP MATHED WITH CHICAGO BOXER

BOSTON, Mass.—Bob Martin, heavyweight boxing champion of the American expeditionary force, has been matched with Captain Bob Roper of Chicago for a ten round bout to a decision here next Wednesday night.

Martin, who also held the inter-allied championship overseas, knocked out Bandsman Rice, the British army title-holder, last Tuesday. Roper won all his bouts in army camps in this country during the war.

# ELKS' BOWLING LEAGUE

The runners up in last week's standing of the clubs defeated the Home Brews in three games at the Lotus alleys Thursday night. The Pioneers have been making a strong bid for first position in the league over the Sharks. Warning again rolled high score for the Pioneers when he totaled 618 pins. Niebauer rolled 489 for the Home Brews.

# LEONARD STOPS KELLY IN FIFTH; BOUT ONE SIDED

NEW YORK.—Benny Leonard, light-weight champion, stopped Eddie Kelly in the fifth round of their scheduled twelve round bout at the Commonwealth Sporting club last night. The champion gave a clever exhibition and made Kelly look ridiculous in the wild attempt to land.

It was Leonard's fight from the outset. The fifth round had scarcely got under way when Leonard knocked Kelly down with a hard left to the jaw, and the referee, Jack Skelly, immediately waived Leonard to his corner and stopped the fight. Leonard did not notice the referee wave him off and stung Kelly with several more hard smashes as Kelly got to his feet.

# Reputation-

Next to the test of years of service, values in plumbing equipment can be measured best by the REPUTATION of the manufacturer and the reputation of the local distributor.

Thomas Maddock was the first to make sanitary earthenware plumbing fixtures in America. The leadership then secured has been maintained throughout three generations of the Maddock family. And today the Maddock plant is the largest single factory in America devoted exclusively to the manufacture of earthenware plumbing fixtures.

This is the experience, the leadership and the facilities upon which the Thomas Maddock's Sons Company reputation was built. We know our reputation is in safe hands because we sell and recommend plumbing fixtures bearing the Maddock Anchor trade-mark.

Our display of this equipment is now ready. Come in and see how these modern fixtures will add to the convenience of your home.

# EAU CLAIRE HERE FOR FINAL GAME OF SEASON SATURDAY

The general idea that Eau Claire will prove a walkaway for La Crosse in their football mix next Saturday, as it was expected at the beginning of the season is now being doubted to a great extent. A glance at Eau Claire's record will show that the northern school is not to be trifled with, and can be classed with the best schools of the state. They held Chippewa Falls to a scoreless tie on the same date that La Crosse played Madison with the same result. It will be remembered that Chippewa Falls handed the locals a 10 to 7 defeat. This would give Eau Claire a slight edge on the locals, but earlier in the season they were defeated by the Capital City 7 to 5.

Last year the upstate team held La Crosse to a 7 to 6 score. "Bobby" Fitzke scoring the touchdown, and the game was won by a goal kick. La Crosse will be back in the game with their regular lineup. Vondrashek, who cracked a bone in his shoulder during the St. Paul game, and who was out of the Madison mix will be in for at least part of the game. Leo Mueller, who sprained his ankle, and Murray, who had the same bad luck, will also be able to fill their suits.

This will be the last football contest of the year for La Crosse fans, the locals having refused all invitations to eat Turkey out of town. Tomah was considered for a game here as she expressed her willingness to play on either field but negotiations for the game have been called off.

# LOCAL MEN SHOW SPEED WITH "U" OF WYOMING THIS YEAR

Bobbie Fitzke, star halfback in last year's state championship high school team and Fritz Layman, star for the Red and Black in previous years are carving their way into western conference football. They succeeded in scoring all the points hung up by the University of Wyoming, against the Colorado School of Mines, making a touchdown apiece, while Layman kicked both goals. Fitzke's touchdown was one of the prettiest plays ever pulled on the Mine School. Grabbing a pass from mid-air on his own twenty five yard line, he dodged, sidestepped, and straight-armed the whole crowd of miners, raced sixty yards down the field, but was tackled by the speedy Mines quarterback on the five yard line. Here one of his teammates carried it over, but the credit for the touchdown went to Fitzke. Fritz Layman, who does all of the punting and kicking for Wyoming kicked the goal.

Colorado tied this score in the next period, but the La Crosse men again put Wyoming in the lead and won the game, when Layman broke up a punt on the thirty yard line and scored a touchdown. He completed the job by kicking goal giving Wyoming a 14 to 7 victory. Bobby is occupying a full-back berth while Layman is holding down his old half back position. "The Wyoming Student" the college weekly, gives the La Crosse boys credit for the victory in big headlines.

# IN THE SPORT MIRROR

The Big Ten conference championship will be decided Saturday, the result of last week's play leaving the outcome still in doubt. Ohio State, leader in the percentage column was not in action but the remainder of the Big Ten teams battled for a claim to the championship or a position in the race. The Wisconsin-Illinois game was the most spectacular game of the season and served to muddle the dope to some extent. Illinois went in scheduled and to the game at Madison without a defeat. During the first two periods, however, there was every indication the Suckers would start against Ohio State Saturday with a clean slate. Michigan won its first conference game Saturday, defeating Chicago 14 to 0 in a hard fought game. Michigan's showing makes her a favorite over Minnesota in the closing game of the season for both teams, to be played at Minneapolis. Unless Coach Stagg is able to get his machine in better working form than it was last Saturday, the Badgers are favored to win in the annual battle between the two teams. The showing made by Minnesota against Iowa, gave the Gopher followers little hope to win from Michigan. Michigan showed a strong line against Chicago, while Minnesota's line broke under the Iowa attack, and showed little strength except in the first period when their only points of the game were scored. A win for Minnesota against Michigan is the only hope the followers of the Maroon and Gold have as a result of the loss of five straight conference games. Northwestern climbed a notch higher in the percentage column by defeating Purdue 14 to 0, showing some of the force which was manifest early in the season. Indiana was thrown out of the conference running Saturday when they took a trimming from Notre Dame in one of the hardest played games of the week-end.

# NORMALS TO MEET "U" OF WISCONSIN HERE DECEMBER 17

## Hurtgen Appointed Basketball Manager; Conference Schedule Not Announced

Robert Nohr, director of athletics at the Normal school, announced the appointment of Bob Hurtgen to the position of basketball manager for the coming season. Hurtgen is a former high school student, and is at present a Junior in the college course at the Normal school. No captain has as yet been elected by the basketball team. There are only three basketball teams in school: Moore, Rippe and Luraas, so the honor will fall to one of these three.

The complete schedule has not yet been announced, but the conference games will not begin until after the holidays. One game has been booked before the Christmas recess. This will be played with the University of Wisconsin quintet on December 17, in the Normal school gymnasium. Mr. Nohr has written to the University of Minnesota requesting a game but so far has had no reply to his letters.

# STEEL TRUST TO MAINTAIN BASE SELLING PRICES

Will Not Change Until Necessary to Meet Altered Conditions

NEW YORK.—The United States Steel corporation announced its decision to recommend to presidents of subsidiary companies that "present base selling prices of all commodities continue in force unless and until it becomes necessary and proper to make change to meet altered conditions."

This action was taken, according to a statement by chairman Elber L. Gary because of the importance of stabilizing business conditions at this time. The statement follows: "Our subsidiary companies have consistently and uninterruptedly maintained the base selling prices of all iron and steel commodities, which were mutually fixed by representatives of iron and steel interests of the United States and representatives of the government on March 21, 1919. "Since that time production costs of all manufacturers of iron and steel, including an advancement of wage rates aggregating \$21,000,000 per year to the steel corporation and larger freight rates, have materially increased. Under usual circumstances we would be justified in making additions to the average base prices. "However, after deliberate consideration we have decided to recommend to presidents of our subsidiary companies that present selling prices of all commodities continue in force unless and until it becomes necessary and proper to make changes to meet altered conditions. "We think stability in business is of

highest importance and that every man to the extent of his opportunity and ability, and even at some sacrifice, is obligated to assist in stabilizing and maintaining prices on a fair and sane level. The producer, consumer and wage earner will be benefited by this attitude."

## NEURALGIC PAINS

Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe, simple and effective treatment for both headache and neuralgia. Rubbed in where the pain is, it eases the tortured nerves and almost invariably brings quick relief. Keep a supply on hand.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. Its healing, antiseptic qualities can always be relied upon as a preventive against infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and catarrh sores. Generous size bottle 25c.

Instant Beauty for Everyone Says that Famous Actress Viola Dana Who Tells What To Do Just Make this Simple Test

MISS VIOLA DANA

Now York.—I am often asked how I keep my complexion so fresh looking. Says Miss Viola Dana, the Screen Classic Star, in a recent interview. "It's a simple process for anyone to have a smooth, velvety, rosy-white complexion and unwrinkled skin if they will devote just a little time in caring for it. Cleanliness is absolutely necessary in developing a clear healthy skin. For this purpose use a good cleansing cream (Laska Cold Cream) I have found to be the best). Follow this by bathing the face with warm water. Then rub with cold water, dry thoroughly and apply Derwillo, a simple toilet preparation which can be obtained at any up-to-date drug or department store. "This marvelous preparation instantly beautifies the complexion and its continued use makes the results permanent. You can form no idea what a wonderful effect it has upon the skin until you try it. Here is the best way to test it. Put it on one side of your face, then look in your mirror and note the surprising change. You will need no further argument to convince you that there is nothing like it for beautifying purposes. The instant results it gives is the reason for its popularity with actresses and those who realize the value of a rosy-white, smooth, clean complexion. It takes but little of your time compared to the splendid results it gives, and the fact that it is used and endorsed by leading beauty specialists speaks volumes for its efficiency. Derwillo is especially recommended for dark, sallow skin, tan, shiny nose, blackheads, coarse pores, freckles and numerous other facial blemishes. Many use it in preference to face powders or other beautifiers as it is more life-like in appearance. Perspiration does not affect it, therefore it stays on better, does not rub off on clothing and its use cannot be detected. It is guaranteed absolutely harmless on the most delicate skin and will not stimulate or produce a growth of hair. Now that short sleeves are in vogue you will want beautiful hands and arms; there is nothing like Derwillo for this purpose. Over five hundred thousand girls and women are using it and they are just as enthusiastic over it as Miss Dana. It is rapidly becoming a regular habit and if you wish to have a complexion which will attract favorable comment everywhere, just give Derwillo a trial and you are sure to be delighted with it. Do not accept substitutes, then you will not be disappointed, as there is nothing "just as good," "better," or "just like it."

NOTE.—Here is a fair, honest proposition by the druggists and department stores of this city. Get a bottle of Derwillo from any toilet counter, give it a trial for a few days and if you don't like it bring it back and get your money. Could anything be fairer? It is sold in this city by all up-to-date druggists and department stores, including Hoeschler Bros. and C. A. Bergan.

WASHINGTON.—President Wilson's health was said Friday by White House officials to have shown some improvement since the election and the consequent removal of the anxiety shown by the president over the decision of the electorate. Despite the cold weather, Mr. Wilson spends some time each day on the south porch of the white house. He also is devoting much time to public business and to the preparation of his annual message to congress.

If an Upright Piano Then Estey Is the Answer

In many homes, neither the player piano nor the grand is practicable or desirable. This may be for various reasons. In such homes there is only the one question to decide. Which upright piano is the best to buy?

ESTEY is the inevitable answer. Take the old, tried and true, standard instrument produced by the ESTEY COMPANY. Compare it with any and all other instruments, point by point and quality for quality. The answer is ever more surely ESTEY.

There is in your purchase of the ESTEY UPRIGHT PIANO one solid, satisfying assurance—the fact that you are getting the very best instrument that can be produced for the money you pay.

In the ESTEY, excellence is everything. And everybody knows it.

Convenient terms may be arranged.
